Rule making related to licensure of genetic counselors

The Board of Medicine hereby amends Chapter 20, “Licensure of Genetic Counselors,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code chapters 147, 148, 148H and 272C.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 148H.

Purpose and Summary

Chapter 20 establishes the requirements for licensure of genetic counselors. This rule making defines the types of informal and nonpublic actions an applicant must report to the Board as part of the license application process. This rule making indicates that the Board will accept a letter sent directly from the American Board of Genetic Counseling (ABGC) or the American Board of Medical Genetics and Genomics (ABMGG) to the Board as proof that an applicant has been granted active candidate status for provisional licensure. This rule making indicates that the licensure committee shall consult with an Iowa-licensed genetic counselor if the committee is unable to eliminate questions or concerns about an applicant. This rule making defines the practice of genetic counseling to include precision medicine and indicates that if an applicant has not engaged in active practice in the last three years in the United States, the Board shall consult with an Iowa-licensed genetic counselor to determine whether there is another option to demonstrate the applicant’s current clinical competency. This rule making creates an option for an employer-based pathway for an applicant to demonstrate current clinical competency if the applicant has not engaged in active practice in the past three years in the United States. This rule making indicates that the Board shall consult with an Iowa-licensed genetic counselor prior to denying a license.

Fiscal Impact

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its [regular monthly meeting](#) or at a special meeting.
